FISCAL ANALYSIS

ASSUMPTION

Officials at the **Department of Conservation (MDC)** state the Conservation Commission adopted a regulation change in 2008 to allow nonresident students attending a public or private secondary, post-secondary, or vocational school in the state to purchase resident hunting, fishing, or trapping permits at a MDC office that sells permits.

MDC assumes this proposal would not fiscally impact their agency.

Officials from the **Department of Higher Education, Linn State Technical College, University of Missouri, University of Central Missouri, and Lincoln University** each assume the proposal would not fiscally impact their respective agencies.

Oversight assumes this proposal codifies into state statute an existing section of MDC regulation, 3 CSR 10-5.220; Resident and Nonresident Permits, and will result in no additional fiscal impact to MDC or any other state or local government agency.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
